

DIBELS TESTING – A HISTORY AT STAR OF THE SEA

In the beginning 2019....

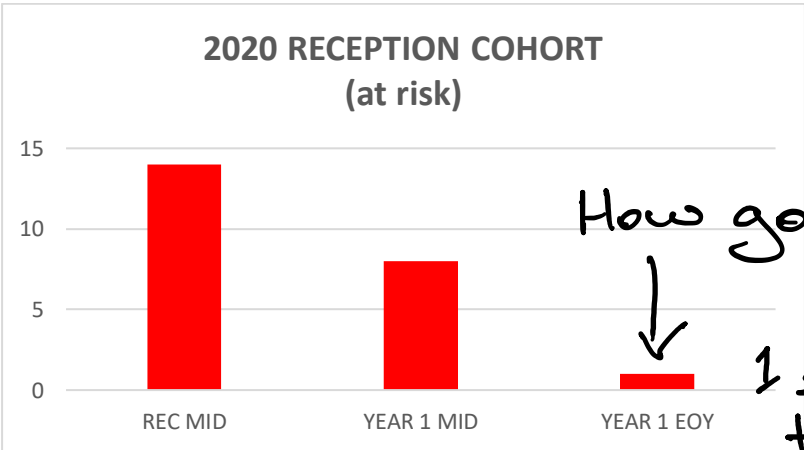

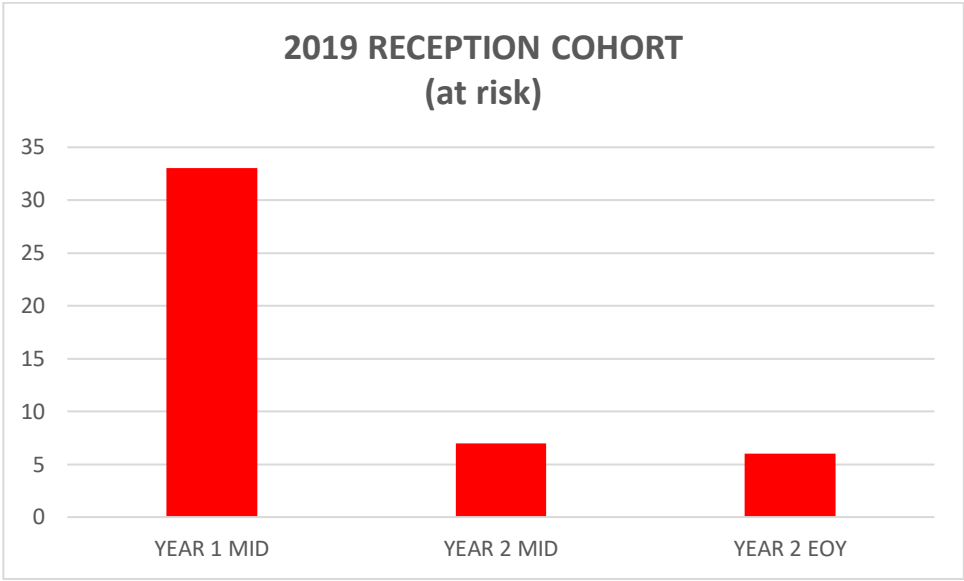

We were quite concerned about the fact that 51 out of 77 students were below standard. Something needed to change and mid-year we began our tier intervention program.

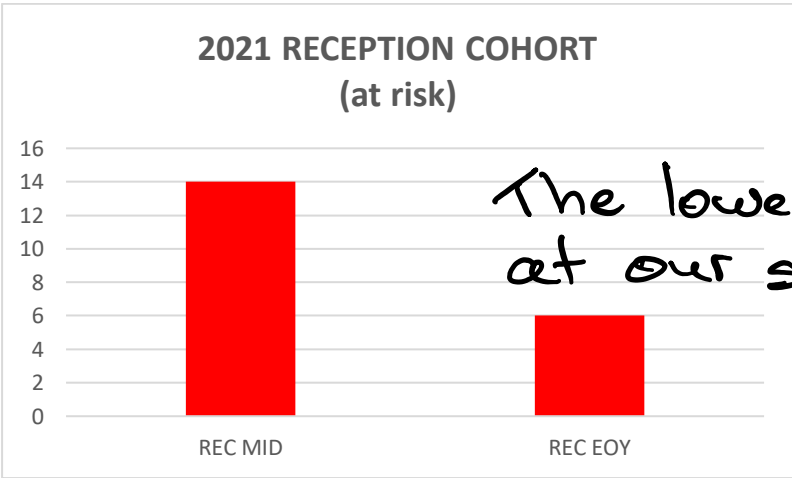

After 24 months of teaching...

TRACKING STUDENTS "AT RISK" AS THEY MOVE UP THE YEAR LEVELS

How good is this.
 ↓
 1 student after two full years in the program!

The lowest number ever at our school after one years teaching!
